

SCOTLAND FOOD & DRINK
**& Excellence
Awards 2023**
SUSTAINABILITY AWARD

THIS COULD BE YOUR TIME TO SHINE

Does your company place sustainability at its core? Have you implemented a leading sustainability initiative that's reduced your company's impact on the environment? What we eat, where our food comes from, how it's produced and packaged, and how much food we waste are significant drivers of global climate change. We believe Scotland's food and drink industry must aspire to be a model for others to follow; a global leader in climate-friendly food production. Scotland has already set world-leading targets for emissions reduction; our food and drink industry must be world-leading too. This Award seeks to showcase the leaders and the innovators rising to this generational challenge and the opportunities it brings.

With the exception of Best for Scottish (Independent) and Best for Scottish (Multiple), any product or business that won an award in 2022 is not eligible to enter that same category again in 2023.
